	Document a request for information	 Click Create > Intake > Information and Referral Enter Applicable data/values Click Save. Click Close. 	Information and Referral records are not stored on the Desktop. This information can only be accessed on the Referrals report.
	Services Intake		
Intake	How Do I?	Selections	Tips & Guidelines
	Establish services intake record Change Services Intake to a Protective Services Report	 Click Create > Intake > Services Intake On the Intake Inquiry Search page, complete the last name and first name fields. Click the Search button. For a match: Click the select link for the applicable person(s). For no match: If displayed, click the Close button on the Validation Errors web page dialog box on the Intake Inquiry Search page. Click the Create button to access the Intake Participant page. Enter all applicable data/values and click the Continue button. If potential person matches exist, the Potential Person Match page will display a list of participants that are an exact person match. To proceed with creating a new person, click the Close button on the page. To select an existing record, click the appropriate radiobutton and then click the Continue button. The participant will be added to the Participants group box on the Intake Inquiry Search page. Add additional participants by completing the last name and first name fields and repeating the step above. After all participants have been added and searched, click Add Participants. Click Continue. On the Services Intake page, enter the applicable data/values. Enter the applicable data/values on templates, as appropriate. Click Close and Return to eWiSACWIS. On the Services Intake page/Participant tab, select 'Change to PS Report' in the Options list. Click Go. A message displays indicating the Services Intake will be changed to a Protective Services Report. Click Yes to continue and create the PS Report. On the Protective Services Report page, enter the applicable data/values. 	Service Intake types of Re-open to Merge Case, Re-open Case/Closed in Error, or Re-open/Update AFCARS Data can be used to re-open a closed case. The Female Head of Household typically has the Relationship of Reference Person and Role of Referral Name You can add several related people to the intake at once by expanding the Search Person outliner to the listing of participants under the Related People subject. Click the Select link for each participant that applies to this intake. If you close an intake before completion, reopen it from the Intakes outliner. If you do not see a pending intake, click the Refresh button on the banner. Prior to making the intake screening decision, you can change a Services Intake to a PS Report and retain the intake participants by selecting the 'Change to PS Report' option. Information contained in the Service Intake Summary and Service Intake Referral Information templates will be available as view only in the PS Report
	Screen in/out services intake	 On the Basic tab/Worker Decision box, click the applicable radio button (Screen in or Screen out). Select the applicable Reason field value. Click Save. 	created as a result of the intake change. A services intake is assigned to the supervisor to make the final screening decision.

Intake How Do I Guide

Protective Services Report				
How Do I?	Selections	Tips & Guidelines		
	II.	Tips & Guidelines The Female Head of Household typically has the Relationship of Reference Person and Role of Report Name. You can add several related people to the intake at once by expanding the Search Person outliner to the listing of participants under the Related People subject. Click the Select link for each participant that applies to this intake. If a person is part of an intake, but his/her name is unknown, when entering the intake, log the first and/or last name as "Unknown". Be sure to update the correct Unknown, Unknown person record as additional information about the person is learned. If you close an intake before completion, reopen it from the Intakes expando. If you don't see a pending intake, click View > Refresh.		
	Note: All tabs contain an Options list to access the PS Report, narratives, and notice templates. The report details must be entered on the PS Report Narrative page (select PS Report Narrative from the Options list). Text templates are not modifiable after screening decision has been made.			
Change Protective Services Report to a Services Intake	 On the Protective Services Report page/Participant tab, select 'Change to Services Intake' in the Options list. Click Go. A message displays indicating the Protective Services Report will be changed to a Services Intake. Click Yes to continue and create the Services Intake. On the Services Intake page, enter the applicable 	Prior to making the intake screening decision, you can change a Protective Services Report to a Services Intake and retain the intake participants by selecting the 'Change to Services Intake' option. Information contained in the PS Report		
	data/values. Note: The Services Intake Type defaults to 'Child Welfare - Other' as a result of the intake change. When the Services Intake is first saved, the Services Intake Type will be frozen.	Narrative template will be available as view only in the Services Intake created as a result of the intake change.		
Screen in/out PS report	 On the Decision tab/Status/Worker Decision box, click the applicable radio button (Screen in or Screen out). Enter the other applicable data/values. Click Save. 	A PS report is assigned to the supervisor to make the final screening decision.		
		You may not Screen In a PS Report with a Response Time of Pending.
